

# Timofey Goloshchapov

## Full Stack Web Developer

Iowa City, IA | 319-400-9508 | [tim.goloschapov@gmail.com](mailto:tim.goloschapov@gmail.com) | GitHub: [timbobeeek](#) | LinkedIn: [Timofey Goloshchapov](#)

### TECHNICAL SKILLS

---

**Frontend:** React.js, Cypress, Axios, JavaScript, HTML, CSS, UI, Responsiveness/Accessibility, DOM, Routing

**Backend:** Node.js, Express, SQL, PostgreSQL, Git, GitHub, Knex, RESTful APIs, Relational Databases, JWT, HTTPie

**Additional Skills:** Debugging, VS Code, Vercel, Heroku, Yup, State Management, Google Dev Tools, Authentication

**Language Fluency:** Fluent English and Russian, Conversational Spanish and Ukrainian

### PROJECTS

---

#### CoderHeroes, UI/UX/Frontend Developer

[GitHub](#) | [Website](#)

Figma | Ant-design | JS | React | Yup | Functional Components

- Designed the registration flow for new users on Figma in collaboration with other UX/UI engineers
- Implemented Figma design into functional code for an instructors registration form page
- Collaborated with Backend team to discuss development priorities, improve functionality, and user experience
- Reviewed fellow-programmers PRs, provided feedback to ensure only clean code ends up in the production codebase

#### African Marketplace, Front End Developer

[GitHub](#) | [Website](#)

JS | React | Styled Components | Functional Components

- Designed the frontend platform using React which provided easy access for business owners to login, view, and set customized pricing for listed products
- Implemented Styled components in CSS and HTML and designed a responsive website appealing directly to the target audience and maximized page views

#### Secret Family Recipe Cookbook, Front End Developer

[GitHub](#) | [Website](#)

JS | React | Advanced CSS/HTML | Functional Components | Yup | Axios

- Developed the site's routing with ReactDOM and functional components that allowed visitors navigate pages
- Created user authorization mechanisms and Client-Side Authentication, with JWTs and Axios for secure user login
- Utilized Yup to built interactive schemas and validate user input to ensure appropriate data
- Configured CRUD features with custom forms to ensure functionality with the ability to enter, edit, and save recipes

#### Anywhere Fitness, Full Stack Developer

[GitHub](#) | [Website](#)

JS | React | Jest | Advanced CSS/HTML | Yup | Axios | RESTful APIs | SQL | HTTPie

- Manually tested all API endpoints using HTTPie to ensure correctness of the API
- Created an automated test suite using Jest to perform API regression testing
- Wrote middlewares related to user registration workflow to modularize and clean code for future development

### EXPERIENCE

---

#### Marcus Corp, Iowa City, IA - Assistant Manager

June 2015 - Nov 2020

- Trained approximately 80 associates, including cashiers and assistant managers, to promote professionalism of all employees and improve customer ratings at the movie theater
- Spearheaded inventory management counts of 5000+ items, and reconciled cash registers with a total of \$1000+ in an effort to eliminate financial loss
- Maintained theater equipment including projectors, server, sound system, and movie players to provide an outstanding viewing experience for all attendees

### EDUCATION

---

BloomTech (FKA Lambda School), Graduate, Full Time Program, Full Stack Web Development

Oct 2021 - May 2022

The University of Iowa, Bachelor of Arts in Psychology & Sociology

Aug 2015 - Dec 2017

Kirkwood Community College, Associate of Arts in Liberal Arts

Aug 2013 - Aug 2015
